Construction and refurbishment of commercial spaces

Grupo IC provides an integrated construction service specialised in retail expansion projects.

Thanks to the coordinated work developed by the companies belonging to the group, we are able to control the whole construction and refurbishment process of commercial spaces, from the design of the installations to the subsequent maintenance.

IC Asociados is the company of the group responsible for coordinating and implementing building works whilst guaranteeing compliance with health and safety regulations and environmentally responsible waste management.

Efficshop is the installer specialised in energy efficiency and the creation of centers which has lower CO2 emissions and consumes less energy. We have our own plant for the manufacturing of custom-made ecological furniture (Ekipashop).

Servishop is the company responsible for the maintenance and monitoring of the center.

Through the perfect coordination of all the stages of the project - construction work, installations,

Grupo IC headquarters

refurbishment and maintenance - we are able to **minimize deadlines, cut costs and guarantee minimal disruption to the daily activity of the shop.**

We have more than 20 years of experience in the construction and refurbishment of commercial premises and we do conceive our work as a solution to our clients.

The result: a fast and well done job.

ESCUELA DE DISEÑO

Bradivarius

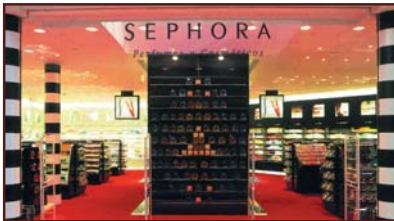

We efficiently plan and coordinate every single stage of the building process and the integration of the different jobs it involves.

Our main aim is to do our job in the shortest possible time so as to guarantee that our work causes minimal disruption to the daily activity of the shop.

Over 3000 projects carried out through our years of experience demonstrate the quality of our work.

Services

I'M YOURS
I LOVE YOU
DON'T GET ME

We design unique spaces and manufacture custom-made furniture from **PEFC and FSC certified wood**. We have the Chain of Custody certification for forestry products which demonstrates that the woods used to manufacture our furniture are sourced from sustainable forests.

Our commitment to the environment is demonstrated in every step of the production process and by the fact that **only environmental friendly paints and varnishes** are used in our facilities.

La marca de la gestión forestal responsable
